The dashboard can be used by governors and members of the public to check the performance of the school or provider in which they are interested. Click on the logo below to see the Date Dashboard I am a very, very proud director! In March 2018 we had another very successful OFSTED. It was an opportunity to show the amazing things that we do every day at Victory. Here are some quotes from the OFSTED report: Students are happy to learn and behave well in lessons and throughout the school. They are polite and well-mannered. Students say that all employees take care of and help them if they are worried about anything. Typically, students would say, 'teachers and school principals make learning fun by challenging us.' Students spoke confidently about improving their work and the strategies teachers use to help them. Achievements in mathematics are a clear strength of the school. Pupils make significant progress in mathematics, with the result that the majority of pupils leave school above national standards. School-wide writing improved and overall student progress in 2017 was above the national average. The management team has maintained a good quality of education at the school since the last inspection. Together with your deputy director and governors, you have created a friendly, friendly and peaceful environment. Your focused and motivated leadership is strongly supported by all adults at school. Parents are very positive about the school and focus on the welfare and safety of their students. Click the link below to read the full report. March 20, 2018 How long until the next inspection? Good schools are inspected about once every four years. We can also check at any time if we have concerns. We usually notify you in the afternoon of the working day before inspection. We can also check schools without notice. Ofsted Inspections will appear here: OFSTED How Grange Primary School recently became part of the Marches Academy Trust, we are still waiting for our first Ofsted Inspection.
